BUGABOO
PEST CONTROL

PREPARATION INSTRUCTIONS FOR PANTRY PEST TREATMENT

(Indian Meal Moths, Weevils, Beetles, Etc)

Strict adherence to these instructions is a must in ridding your home of these pests. Failure to fully prepare limits the effectiveness of the treatment.

1. All food cabinets must be completely empty (upper & lower cabinets).
2. All items must be removed from the tops of counters and cabinets.
3. Pantry must be completely emptied.
4. Do not store items removed from cabinet/pantry in the same room that is to be treated.
5. ALL INFESTED FOOD MUST BE THROWN AWAY.
6. All food not infested must be sealed in airtight containers.
